

## How do I order a ticket?

You can order tickets at formnext.mesago.com under "Tickets & Registration" and "Secure your Ticket". You will need a valid trade Messe-Login. If you do not have an account yet, please register first. Tickets purchased for the physical Formnext are also valid for the Formnext Digital Days.

# How do I register on the event platform?

After purchasing a ticket the system needs about 30 minutes to transfer your data. After that, you can log in at any time with Messe-Login at the event platform via the event website. After the successful initial login, you can provide additional information about yourself.

You will then be asked to agree to be visible on the event platform with your profile by clicking on the checkbox. This affects that you will be noticed by business partners.

## **Privacy Policy**

At Formnext Digital Days your profile is visible (first name, family name, company) to registered users of the platform. This way you will be perceived as possible business partner and you can receive contact requests. You can always manage your visibility in your profile.

I recognize that my profile data is visible

You will be asked if you would like to receive automatically generated emails for incoming contact and appointment requests. If you agree, leave the checkmark in the "Automatic mailings" checkbox.

## Contact and appointment requests

You will receive an automatically generated email for incoming contact and appointment requests. You can change this setting by unchecking/checking the box.

Use the button "Save" to save your settings.

## How can I provide details for matchmaking?

After you have completed your profile details, you will be asked onboarding questions that will enable the matchmaking. This makes it easier for you to get contact recommendations based on your details and interests. Therefore it is worth taking your time while answering these questions and fill in as much details as possible. Click on "Save" to save your details.
