Dental technology

Domestic appliances

Electronic engineering/  
electronics

Energy

Mechanical and plant engineering

Medical technology

Offshore and marine

Packaging

Rail and transport

Research and development

Tool and die making

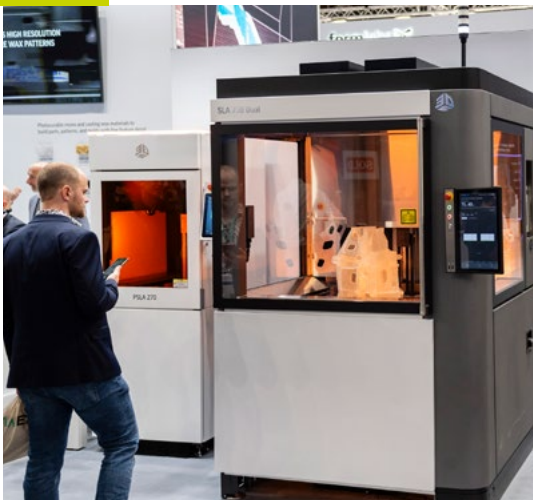

Watches and jewelry

## FORMNEXT – WHERE IDEAS TAKE SHAPE

The past few years have shown it: Demand for increasingly complex and customized parts is rising. Product cycles are becoming shorter, established supply chains are being called into question. Sustainability is playing an ever greater role. Industrial production is becoming more demanding.

This is where Additive Manufacturing reveals its strength and potential. As a Hub for Additive Manufacturing, Formnext brings together suppliers along the entire process chain with production managers from all manufacturing industries. 365 days a year, we offer you the opportunity to share your exciting content with the right target group using our Industry Insights and Industry Events. A special highlight is the Expo & Convention in November. The entire AM community will meet live in Frankfurt, Germany from 19 – 22 November 2024.

Become part of Formnext and reconfigure tomorrow's manufacturing.

## WHY YOU SHOULD NOT MISS THE AM HIGHLIGHT OF THE YEAR ...

... Formnext inspires exhibitors and visitors year after year with its unique combination of technology, business and community.

### YOUR ADVANTAGES AT A GLANCE:

#### Technology:

- entire scope of Additive Manufacturing along the process chain
- all suppliers and technologies in one place

#### International Business:

- more than 30,000 production managers from all major important application industries
- 63% of the visitors are decision-makers
- 50% of the visitors come from abroad

#### Community:

- source of information on current trends & topics
- extensive presentation options on our stages and beyond
- networking events promote cooperation & exchange of know-how

For 73% of exhibitors, Formnext is one of the most important trade fairs in international trade fair comparison.

# 91%

of exhibitors are satisfied to very satisfied with their participation at Formnext.
